Spectra / magellan box

BOX-S

### GENERAL INFORMATION

|               |                    |
|---------------|--------------------|
| Type          | Alarm box          |
| Compatibility | Spectra / Magellan |

### POWER CONSUMPTION

|              |                               |
|--------------|-------------------------------|
| Power input  | AC 230V ; 50hZ ; 160mA        |
| Power output | AC 18V 2000mA / AC 16V 2200mA |

### SABOTAGE

|             |    |
|-------------|----|
| Box tamper  | Si |
| Wall tamper | Si |

### MATERIAL AND DIMENSIONS

|            |                   |
|------------|-------------------|
| Dimensions | 250 x 250 x 80 mm |
| Material   | Metal             |

### AMBIENT

|                       |                |
|-----------------------|----------------|
| Operating temperature | -10 °C ~ 40 °C |
|-----------------------|----------------|
